Full-Stack • AI/ML • Java Developer • IEEE Published Researcher

Technical Skills

Core: Data Structures and Algorithms

Languages: Python, Java, C++, JavaScript, TypeScript, GraphQL, HTML/CSS, Groovy

Frameworks/Tech: REST/SOAP, React Native, Node.js, Express, PostgreSQL, Kysely, Tailwind, Git, **Postman**, **XPath**, LLaMA, Whisper

Education

Pune Institute of Computer Technology   **July 2021 – July 2025**
B.E. Computer Engineering   *Grade: 8.57/10*

Experience

RIA Advisory (Oracle Gold Partner)   **Jul 2025 – Present**
*Developer — **Java, Oracle SQL, ORMB, OUAF, Web Services, Groovy, Postman, Selenium, JUnit***   *Pune*
- **First** one to be allocated to the project after 4 months of training.
- Working on **ORMB** – processes **1B** transactions, **100M** bills/run
- Completed **20+** backend Java OOP + DB design exercises and **3** Workshops
- Tested **1 API endpoint** (**Postman**) & data transfer via **XPath** on **10+** XML entities
- Global team collaboration on billing workflows

Crumble   **Apr 2025 – Jun 2025**
*Software Engineer Intern — **React Native, Node.js, GraphQL***
- Built **15+ responsive screens** & **8 reusable components** with **React Native + Tailwind**
- Scalable backend (**Node.js, Express, PostgreSQL**) for **100K+** users
- Implemented **12+** type-safe GraphQL resolvers with **Kysely**

Reverie Language Technologies   **Aug 2024 – Mar 2025**
*R&D Intern — **Python, LLaMA, Huggingface***   *Remote*
- Fine-tuned **LLaMA + Whisper** for **5 Indian languages**
- Improved low-resource ASR by **15%** via transfer learning on dialects

Achievements

- Solved over **1000** DSA Problems. [Practice Profile]
- **Top 9%** in 9 LeetCode Contests [Contest Profile]
- Oracle Certified: Artificial Intelligence [Cert]
- Company AI Project (Reverie Language Technologies) [Cert]
